

CHECKLIST

Font pairing checklist for your next project

- ☐ List the roles your design needs — headline, body, captions

- ☐ Choose a headline font that matches your project mood

- ☐ Select a body font that contrasts in weight or style

- ☐ Set real content at final size to test legibility

- ☐ Check that headlines stand out and body text reads comfortably

- ☐ Limit additional fonts to one more if needed

- ☐ Document your pairing for consistent use

- ☐ Test the pairing on screen and in print if both apply
